- 10.1.7 No separate payment shall be made by Patna Zoo for routine maintenance, painting, repair, rectification, replacement or service required during the Defect Liability Period.
- 10.1.8 The cost of material submitted by the bidder must include any other charges or changes in the tax rates etc. as communicated by the central or state government from time to time.
- 10.1.9 The financial evaluation and award will be made item-wise. The contract shall be awarded to the technically qualified bidder quoting the lowest responsive rate (L1) for the respective work item, subject to fulfillment of all eligibility criteria and other terms and conditions of the tender.
- 10.1.10 In the event that two or more bidders quote the same L1 rate, the contract shall be awarded based on lottery system through draw of lots by the tender committee in the presence of the concerned bidders, duly recorded. The final decision in such a case shall be binding on all participating bidders.

10.1.11 If, during the contract period, it is established on the basis of comparable specifications, quality and prevailing market rates that the same or equivalent material is available at a lower rate, the Society may require the successful bidder to supply the material at such lower rate, subject to verification and approval by the Competent Authority.

10.1.12 If the successful bidder fails to supply and install the required materials/work within the stipulated time or fails to comply with the terms and conditions of the contract, Patna Zoo Management and Development Society shall have the right, without prejudice to its other contractual remedies, to procure/execute the balance work through another technically qualified bidder at the **L1 rate**, and any additional cost/loss incurred on this account shall be recoverable from the defaulting bidder.

10.2 RIGHT TO ACCEPT ANY BID AND TO REJECT ANY OR ALL BIDS: -

10.2.1. The authorized Tender Committee is not bound to accept the lowest or any bid and may at any time by notice in writing to the bidders terminate the tendering process.

10.2.2. The Tender Committee may reject the bid if it is found that the agency is black listed on previous occasions by any of the Department/ Institutions/ Local Bodies/ Municipalities/ Public Sector Undertakings, etc. The Secretary, Patna Zoo Management and Development Society reserves the right to cancel or reject all or any of the tender without assigning any reason. Any act on the part of the tenderer to influence anybody in the concerned offices is liable to rejection of his tender.

10.2.3. The Tender Committee may reject the Bid in the event that the Bid is accepted but the successful bidder fails to furnish the performance Security or fails to execute the contract agreement.

11.1. AWARD OF CONTRACT: -

11.1.1. The Competent Tender Committee, will recommend the contract to the technically qualified bidder quoting the lowest responsive rate (L1) for the respective work item, subject to fulfillment of all eligibility criteria and other terms and conditions of the tender.

11.1.2. The successful bidder shall be informed through the e-Procurement Portal and/or official communication issued by the Society. This letter (hereinafter and in the condition of contract called the "Letter of Offer") shall prescribe the amount which Patna Zoo will pay to the bidder in consideration of the supply, installation and repair of material to be provided by the successful bidder/s as prescribed in the contract.

11.1.3. The successful bidder will submit non-judicial stamp of Rs. 1,000/- in the office of Secretary, Patna Zoo Management and Development Society within 3 days of issue of letter of offer and will execute a contract agreement within a period of 7 days from the date of issue of letter of offer.

11.1.4. The successful bidder shall be required to furnish a Performance Security equivalent to 10% of the total contract value within 7 (seven) days from the date of receipt of the Letter of Offer/Work Order, as applicable. The Performance Security shall be furnished in favour of the Secretary, Patna Zoo Management and Development Society, in the form of an Account Payee Demand Draft, Fixed Deposit Receipt issued by a Commercial Bank, or Bank Guarantee in an acceptable form, as specified in the Tender Document. The Performance Security shall remain valid for the entire period of execution of the contract including the applicable Defect Liability Period, and for a further period of sixty (60) days beyond the expiry of the Defect Liability Period or discharge of all contractual obligations, whichever is later.

In case the contract period or the Defect Liability Period is extended for any reason, the bidder/agency shall, at its own cost, extend the validity of the Performance Security accordingly so as to maintain continuous validity throughout the required period. Failure to furnish or extend the Performance Security within the stipulated period shall constitute a breach of the contract and may attract action as per the terms and conditions of the Tender Document.

11.1.5. The work shall be completed within 30 (thirty) days from the date of issue of the Work Order, whichever is earlier. Any extension of time shall be considered, subject to approval of the Competent Authority and in accordance with the applicable terms and conditions of the contract.

12. TERMS AND CONDITIONS OF CONTRACT

12.1 Tender will be valid for the financial year 2026-27.

12.2 Supply and installation of the finishing work items will be done by the successful bidder only.

12.3 It will be the responsibility of the successful bidder to provide Registrations/ Permissions/ Authorizations/ NOC etc. issued by the concerned Government Department/ institution/ Board or any other body authorized for such purpose for the supply and installation of the material to be supplied, if required.

12.4 In no case successful bidder can change or request to change, the material or the specification which has been submitted in the technical bid for unavailability or any other reason.

12.5 The successful bidder must complete the work as per design provided by the Secretary, Patna Zoo Management and Development Society. If the successful bidder fails to supply and/or install the required work in accordance with the approved design, specifications and stipulated timeline, Patna Zoo Management and Development Society may get the balance work executed through another technically qualified bidder at the applicable L1 rate, at the risk and cost of the defaulting bidder.

- 12.6 The bidder must supply and install the work within the prescribed timeline as mentioned in the Work order issued by Secretary, Patna Zoo Management and Development Society. If the supply and installation require more than the prescribed timeline due to any acceptable reason, the reason and the time required for the delivery must be mentioned along with the technical bid. The committee can reject the bid technically, if it is found that undue time for supply is quoted by the bidder.
- 12.7 The work order for the Design, Fabrication, Supply and Installation of Thematic Selfie Point will be issued after getting approval for the technical and financial evaluation from competent authority.

Short Notice Tender No: 11/e-PROC/PZMDS/2026-27

SCOPE OF WORK

Summary of Work:

The Department of Environment, Forest and Climate Change, Government of Bihar, is undertaking the redevelopment and improvement of visitor facilities at Patna Zoo with the objective of enhancing the overall visitor experience and strengthening public awareness regarding wildlife conservation and biodiversity.

In this context, it is proposed to design, fabricate, supply and install aesthetically appealing and creatively designed thematic selfie points at selected locations within Patna Zoo, including both entrance areas, the Toy Train Station and other suitable visitor zones as identified by the Zoo administration.

The proposed selfie points shall serve as attractive recreational and photographic spots for visitors while conveying meaningful messages relating to wildlife conservation, biodiversity, environmental protection and the conservation of endangered species. The designs shall be visually engaging, innovative, durable and appropriate to the character of Patna Zoo, with emphasis on creating memorable visitor experiences and promoting conservation awareness, particularly among children and young visitors.

The scope of work shall include conceptualization, preparation of design proposals and 3D visualizations, fabrication using suitable materials such as Fiberglass Reinforced Plastic (FRP), mild steel and other approved materials, artistic finishing, painting, transportation, installation and all associated civil and allied works required for the completion of the installations.

The locations, themes, dimensions, materials, colour schemes and final designs of the selfie points shall be subject to approval by the competent authority of Patna Zoo before commencement of fabrication.

The entire work shall be completed within one month (30 days) from the date of issue of the work order, including design approval, fabrication, transportation, installation and final handover, in accordance with the specifications and conditions stipulated in the tender document.

Name of Work:

Design, Fabrication, Supply and Installation of Thematic Selfie Points at different locations in the Zoo.

Purpose of the Work:

The primary objective of this tender is to select eligible agencies/firms for the supply and installation of Selfie Points at various locations within Patna Zoo, as specified in the Scope of Work, including all necessary accessories, fittings, fixtures, installation materials, scaffolding and other allied works. The Selfie Points are intended to enhance the aesthetic appeal of Patna Zoo, provide recreational facilities for visitors, and promote conservation awareness and education, particularly regarding endangered wildlife, through creative and engaging displays. The Selfie Points shall be sturdy, durable and complete in all respects, conforming to the approved designs, specifications and quality standards, and shall be installed in accordance with the directions of the Secretary, Patna Zoo Management and Development Society (PZMDS), or the authorized representative. The entire work shall be completed within 30 (thirty) days from the date of issue of the Work Order. Any extension of the completion period shall be subject to the approval of the Competent Authority and the applicable terms and conditions of the contract.

A. Design and Conceptualization:

The agency shall undertake the following activities:

1. Conduct site inspections at the designated locations within Patna Zoo and assess the available space, ground conditions, existing structures, visitor movement, visibility and installation constraints.
2. Develop creative and aesthetically appealing concepts for thematic selfie points reflecting Patna Zoo, wildlife conservation, biodiversity and environmental awareness, in accordance with the reference designs, wherever provided.
3. Prepare preliminary sketches, detailed design drawings, elevations and relevant construction details for each proposed selfie point.
4. Prepare realistic 3D models and rendered views showing the proposed installations in their respective site contexts, including appropriate representation of dimensions and scale.
5. Prepare detailed fabrication and installation drawings indicating dimensions, structural members, joints, supports, fixing arrangements and installation methodology, as applicable.
6. Incorporate reasonable revisions and modifications as directed by the competent authority before finalization of the designs.
7. Obtain written approval of the final concept, design, dimensions, materials, colour scheme, fabrication details and installation arrangements from the competent authority before commencing fabrication.

B. Materials and Fabrication:

The agency shall arrange all materials, consumables, equipment, accessories and other resources required for the complete execution of the work.

1. The animal sculptures and other applicable sculptural components shall be fabricated using high-quality, outdoor-grade Fiberglass Reinforced Plastic (FRP), suitable for permanent outdoor installation under the climatic conditions prevailing at Patna Zoo.
2. The FRP shall comprise suitable resin, glass-fibre reinforcement and an appropriately engineered laminate system providing adequate strength, rigidity, dimensional stability and resistance to weathering. The laminate thickness and reinforcement shall be determined according to the dimensions, geometry, structural requirements and intended application of each installation.
3. Large, heavy or tall sculptures shall be provided with a suitably designed internal mild steel (MS) supporting framework, including the necessary stiffeners, connections, base plates and anchoring arrangements. The framework and foundation shall be designed to withstand applicable dead loads; wind loads and other relevant forces.
4. The sculptures shall reproduce the approved artistic form with appropriate detailing, texture and realistic appearance. All materials shall be suitable for the intended outdoor application.
5. The bidder shall submit details of the proposed FRP laminate composition, nominal thickness, glass-fibre reinforcement, resin type, internal supporting framework, fabrication methodology and surface finish for approval by the Engineer-in-Charge before fabrication.
6. All MS components shall receive appropriate anti-corrosion treatment. The use of substandard materials, inadequately reinforced laminates or unsupported projecting components shall not be permitted.
7. All materials shall be new and fit for their intended purpose. Any proposed substitution of materials or construction methods shall require prior written approval of the Engineer-in-Charge.

C. Sculpting, Moulding and Skilled Workmanship:

The agency shall deploy experienced and skilled personnel for the complete fabrication and finishing of the installations, including:

1. Sculpting and development of the approved artistic forms.
2. Preparation of moulds and casting of FRP components.
3. Fabrication and welding of the internal MS armature and supporting framework.
4. Integration of the FRP components with the supporting structure.
5. Development of fine details, textures and artistic finishes.
6. Grinding, filling, sanding, polishing and rectification of surface imperfections.
7. Ensuring dimensional accuracy, uniformity, proper alignment and satisfactory workmanship.

1

The completed installations shall conform to the approved designs and shall be free from visible cracks, blisters, exposed fibres, sharp edges, uneven joints, surface defects and other deficiencies affecting their appearance, durability or safety.

D. Surface Finish, Painting and Protection:

The agency shall undertake complete surface preparation and finishing, including:

1. Application of suitable primers and compatible surface-filling materials.
2. Sanding, smoothing and polishing to achieve the approved surface texture.
3. Application of the approved base coat, colours, artistic detailing and special finishes.
4. Application of suitable weather-resistant and UV-resistant protective coatings.
5. Proper sealing of joints and interfaces to minimize water ingress and deterioration.
6. Final cleaning and touch-up painting following transportation and installation.

The finished installations shall be suitable for prolonged outdoor exposure to sunlight, rain, humidity, dust and normal environmental conditions.

E. Supporting Structure, Base and Foundation:

The agency shall design and construct suitable supporting structures, bases, plinths and foundations, as required for the approved installations.

The work shall include:

1. Preparation of structural details for the internal MS framework and its connection to the foundation.
2. Design of suitable bases, plinths or foundations, considering the dimensions, dead loads, wind forces, overturning stability and site conditions.
3. Excavation, reinforcement, concrete work, anchor bolts, base plates, grouting and associated civil works, wherever required under the approved design.
4. Application of suitable anti-corrosion treatment to exposed and concealed steel members.
5. Secure fixing and anchoring of the installations.
6. Ensuring that the installations do not compromise the structural safety or operational use of existing gates, buildings, pathways or other Zoo infrastructure.

Structural drawings and calculations shall be prepared and certified by a qualified structural engineer for installations requiring structural design. Such drawings and calculations shall be submitted for approval before execution of the relevant structural works. No load shall be imposed on, and no attachment shall be made to, an existing structure without prior approval of the competent authority.

F. Transportation, Installation and Commissioning:

The agency shall be responsible for:

1. Safe packing, loading, transportation, unloading and handling of all fabricated components.

2. Site preparation and coordination with the Zoo administration before installation.
3. Erection, assembly, alignment, levelling, anchoring and secure fixing of the installations.
4. Arranging all required tools, machinery, lifting equipment, scaffolding and safety equipment.
5. Protecting existing structures, visitor pathways, landscaping and other Zoo facilities during execution.
6. Completing all finishing, touch-up painting and rectification after installation.
7. Removing construction debris, surplus materials and temporary installations from the site.
8. Handing over the completed installations in clean, safe and fully finished condition.

All installation activities shall be coordinated with the Zoo administration to minimize disruption to visitor movement and the normal functioning of Patna Zoo. The agency shall ensure that the installations do not obstruct pedestrian movement, emergency access or Zoo operations.

G. Technical and Quality Requirements:

1. Each installation shall conform to the approved design, 3D model, dimensions, colour scheme, materials and fabrication drawings.
2. The FRP laminate thickness, reinforcement arrangement and supporting framework shall be appropriate to the size, shape, exposure conditions and intended service requirements of the installation.
3. Supporting structures and foundations shall be designed to provide adequate strength, stability and resistance to relevant environmental loads.
4. All steel components shall receive suitable anti-corrosion protection.
5. The finished surfaces shall be uniform, visually appealing, durable and resistant to normal outdoor weather conditions.
6. All exposed edges, projections, joints and fittings shall be finished safely, particularly in areas accessible to children and other visitors.
7. The installations shall not create hazards or obstruct the movement of visitors, vehicles, emergency services or Zoo operations.
8. The Engineer-in-Charge shall be entitled to inspect materials, fabrication, structural components and completed installations at appropriate stages.
9. Any defect, deviation or non-conformity attributable to substandard materials, poor workmanship or failure to comply with approved specifications shall be rectified by the agency at its own cost.
10. Final acceptance shall be subject to satisfactory completion, inspection, rectification of defects and submission of the required documents.

II. Deliverables:

The selected agency shall submit the following, as applicable to each installation:

1. Concept note and proposed artistic theme.
2. Preliminary sketches and design alternatives, wherever required.
3. Final 3D models and rendered views showing the installations at the designated locations.
4. Detailed fabrication and installation drawings.

5. Material specifications and surface-finishing details.
6. Structural drawings and calculations certified by a qualified structural engineer, wherever required.
7. Method statement, installation programme and safety arrangements.
8. Photographs documenting fabrication and installation.
9. Completion report and maintenance instructions.
10. Warranty documents and relevant material/product specifications.

I. Completion Period:

The entire work shall be completed within **30 (thirty) days from the date of issue of the Work Order**, including design submission and approval, procurement of materials, fabrication, transportation, foundation and associated civil works, installation, finishing, inspection and final handover.

The agency shall submit a time-bound execution programme in accordance with the schedule prescribed by the Engineer-in-Charge. Any extension of the completion period shall be governed by the applicable terms and conditions of the contract and shall require approval of the competent authority.

J. Warranty, Maintenance and Defect Liability Period:

1. The Defect Liability Period (DLP) shall be three (3) years from the date of completion and acceptance of the respective work, unless otherwise specified in the tender.
2. During the DLP, the agency shall be responsible for maintenance, repair, rectification, repainting and replacement, wherever required, of defects attributable to defective materials, fabrication, workmanship, installation or non-compliance with the approved specifications, at no additional cost to Patna Zoo Management and Development Society (PZMDS).
3. The agency shall provide and hand over the applicable manufacturer/OEM warranties for the materials and components used. Any OEM warranty extending beyond the contractual DLP shall remain applicable for its stipulated period, subject to its terms.
4. The agency shall provide maintenance and care instructions for the completed installations and shall undertake rectification within the period specified by the Engineer-in-Charge.
5. All obligations relating to warranty, maintenance and DLP shall continue until expiry of the respective applicable periods, irrespective of the end of Financial Year 2026-27.
6. The cost of fulfilling the above obligations during the DLP shall be deemed included in the accepted contract rates, and no separate payment shall be admissible for such work.

The agency shall remain responsible for completing the work within the prescribed period and fulfilling all contractual obligations during the applicable warranty and DLP periods.

Work Completion Time:

The work shall be completed within 30 (thirty) days from the date of issue of the Work Order. Any extension of time shall be considered, subject to approval of the Competent Authority and in accordance with the applicable terms and conditions of the contract.

Technical Specification of Material: (Photograph Attached for Reference)
